DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with **Tim Ziolkowski** on 3/14/2007.

2. The application has been amended as follows:

A) Cancel claims 9-20 of the Claims submitted on 10/16/2006.

Allowable Subject Matter

3. Claims 1-9 and 21 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Claims 1-9 are allowable over the prior art of record because the prior art of record does not teach or disclose an MRI apparatus comprising a computer programmed to determine, in real-time, a respective flip angle for each data acquisition pulse of a pulse sequence for multi-echo acquisition of MR data matched to a given target tissue and a given scan prescription to reduce ringing artifacts from amplitude decay of the multi-echo acquisition, in combination with the remaining limitations of the claims.

Claim 21 is allowable over the prior art of record because the prior art of record does not teach or disclose an MRI apparatus comprising a computer programmed to determine, in real-time, a respective flip angle for each data acquisition pulse of a pulse sequence for multi-echo acquisition of MR data matched to a given target tissue and a given scan prescription to reduce ringing artifacts from amplitude decay of the multi-echo acquisition wherein the computer is further programmed to determine the respective flip angle from a selection of one of a number of stored polynomial expressions of available flip angle trains, in combination with the remaining limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
